## RECIPROCITY DISCUSSED

DEBATE ON THE MEASURE FOR THE RELIEF OF CUBA BEGUN IN THE HOUSE.

### A TEST VOTE IS TAKEN

Motion to Go Into Committee of the Whole on the Bill Is Carried, 177 to 80—Mr. Payne Makes a Strong Speech in Favor of the Proposition and Is Followed by Mr. Newlands and Mr. McClellan.

Washington, April 9.—The first day of the debate on the Cuban reciprocity bill which opened in the house was disappointing from a spectacular standpoint. There were no sensational clashes after the debate was actually begun and none of the bitterness which was expected to crop out on the floor came to the surface. The vote on the motion to go into committee of the whole to consider the bill, however, developed the lines of cleavage and showed that the Democrats are quite as much divided on the question as is the majority. In the division, which is regarded as practically a test vote on the bill, 114 Republicans and 63 Democrats voted for the motion and 41 Democrats and 39 Republicans against it. The vote was in reality more embarrassing to the Democrats than to the Republicans, as the members of the minority had called a conference at which they desired to get together on a course of action. The vote forced the hands of the Democrats as individuals before the caucus.

Immediately after the approval of the journal Mr. Payne, the Republican leader, moved that the house go into committee of the whole for the consideration of the Cuban reciprocity bill. Mr. Tawney (Minn.), as a parliamentary inquiry, demanded to know upon what theory the bill was privileged.

Mr. Payne replied that the bill was one affecting revenue, and the speaker sustained that view. Thereupon Mr. Robertson (Ia.) raised the point of order that the bill did not come within the purview of the rule. His contention was that the bill proposed to authorize

Reciprocal Trade Relations with Cuba—that it was not a bill to raise or reduce revenue and not amendable as such.

The speaker held that, under a long line of precedents, the bill was privileged.

Mr. Newlands (Nev.) attempted to secure a ruling of the chair upon the question of whether amendments affecting the general reduction of the tariff would be in order, but the speaker declined to rule upon a question not before the house.

Mr. Robertson (Ia.) attempted to propose a proposition as to the length of general debate, but Mr. Payne cut him off with a demand for the "regular order."

The vote on Mr. Payne's motion resulted in 177 ayes and 80 noes.

Mr. Payne, the Republican leader, opened the debate for the bill in a strong speech which commanded close attention from both sides of the house. There were only two other speeches. Mr. Newlands, a Democrat from Nevada, took the position that the concession should not be made to Cuba unless she were invited at the same time to become a part of the United States. Mr. McClellan, a New York Democrat, who was the last speaker, favored a 50 per cent reduction for the benefit of Cuba, but gave notice that if the rate of reduction was not increased he would not vote for the bill. He contended that reciprocity was in line with time-honored doctrine and that while Republicans might fear it Democrats should not.

### CAN VOTE AS THEY PLEASE.

Democratic Conference on Reciprocity Barren of Results.

Washington, April 9.—After a conference lasting three hours the Democratic members of the house of representatives tabled a number of propositions which had been presented relative to the policy to be pursued on the Cuban reciprocity bill now before the house and then adjourned without action on the subject. The result of the conference leaves every Democratic member free to exercise his personal opinion, and it is generally believed this will result in the adoption of the reciprocity bill, as the test vote in the house showed 60 Democrats in favor of it, much more than necessary to offset Republican defection from the measure. Representative Hay of Virginia was in the chair and 92 Democratic members were present. For the first hour the discussion was animated and at times there was much confusion. Chairman Hay's gavel beating in a lively manner to preserve order.

After much discussion a motion was presented by Representative Burleson of Texas proposing a 20 per cent tariff reduction on a number of specified articles, a substitute by Representative Sulzer of New York proposing 50 per cent reciprocity with Cuba, and an amendment by Representative Newlands of Nevada that this 50 per cent reciprocity be accompanied by a proposal of annexation.

The debate took a wide range and separately all the foregoing propositions were laid on the table practically without opposition, as it had

become evident that no united action could be secured on any of the plans proposed.

As the conference closed without result a resolution was adopted before adjournment that all the proceedings should be secret.

### Cortwright Out of the Race.

Washington, April 9.—The friends of Speaker Henderson have received word from Waterloo, Ia., that State Senator O. B. Cortwright had withdrawn from his candidacy for the nomination against Mr. Henderson.

### PHILIPPINE GOVERNMENT.

Republican Members of Insular Committee Complete a Bill.

Washington, April 9.—The house bill establishing civil government in the Philippines was finally perfected by the Republican members of the insular committee and in its complete form was reintroduced by Chairman Cooper. There is little doubt that it will be reported to the house by the full committee and in the form Mr. Cooper introduced it.

The house bill is unlike that of the senate in that it provides a complete form of civil government for the islands to go into effect when the war terminates, the provisions being as follows:

"Whenever the existing insurrection in the Philippines shall have ceased and a condition of general and complete peace shall have been established therein and the facts shall be certified to the president by the commission the president shall authorize the commission to call a general election for the choice of delegates to a popular assembly of the people of the Philippine islands to be known as the Philippine assembly."

It is further provided that all the legislative power shall then be vested in two houses—the Philippine commission and the Philippine assembly. Provision is made for taking the census within 30 days after the promulgation of peace. Thereafter the islands are to be divided into election districts and the regular machinery for electing the legislature is provided.

Section 12 of the bill provides that all residents of the Philippines shall have the same protection from the United States in their relations to foreign governments as is accorded to citizens of the United States.

For the purchase of the friar lands the bill makes provision for the issuance of insular bonds at 5 per cent interest, payable in gold, the total amount not being specified.

The regulation of franchises, timber lands, mineral lands, etc., is provided for. The system of coinage differs from that in the senate bill, as it makes gold the standard, with Philippine token money of silver maintained at a parity with gold. The peso is to be of silver. It will equal our silver dollar in size and be worth half as much.

### CUBAN COALING STATIONS.

Admiral Bradford Has Been Inspecting Possible Sites.

Washington, April 9.—Admiral Bradford, chief of the equipment bureau and the navy department's expert on coal supplies, has returned to Washington from a rapid trip of inspection of possible sites for naval and coaling stations in Cuba. Nothing developed during the course of the trip to change Admiral Bradford's formerly expressed views as to the proper location of four naval and coaling stations in Cuba, namely, at Havana and Nipe on the north coast and Guantanamo and Cienfuegos on the south.

A hasty examination of San Juan harbor, Porto Rico, resulted in the immediate condemnation of that place as a site for a naval station, not only because of the impossibility of protecting the harbor from easy and direct fire from the open sea, but also because of its dangerous entrance and the enormous amount of money that would be required to make the harbor approachable for heavy ships. St. Thomas, in the Danish West Indies, it is stated, is the only perfect harbor in that section of the West Indies.

### TO AID INVESTIGATION.

General Pearson Offers His Services to the President.

Washington, April 9.—General Samuel Pearson, late of the Boer army and now in this city, under date of April 5, has addressed a letter to the president tendering his services and all the information and evidence now in his possession, or which he may be able to obtain, in further substantiation of the charges of violation of the neutrality laws by British officers and agents at the ports of Chalmette and New Orleans and elsewhere in American territory "as set forth in my letter of Feb. 1 last to your excellency, and further sustained in communication, information and affidavits, submitted to Governor Heard of Louisiana and by him transmitted to the secretary of state."

### No Provision for Submarine Boats.

Washington, April 9.—The house committee on naval affairs has adopted a resolution not to incorporate any provision for submarine boats in this year's naval appropriation bills. It was decided respectfully to decline an invitation from the Holland company to go to Annapolis on the 12th inst. and inspect one of their boats. The vote on the resolution against appropriating for submarine boats this year was 9 to 3, Messrs. Bull, Roberts and Rixey voting in the negative.

### MANY NOTABLES PRESENT

Gathering Demonstrates the Sincerity and Warmth of Feeling for the Head of the Nation—Mrs. Roosevelt the Guest of Honor at the Most Notable Reception Given in the City in Forty Years.

Charleston, S. C., April 9.—The banquet tendered to President Roosevelt at the Charleston hotel was a fitting close to a day full of incidents and served to gather together the men prominent in the affairs of the state, having solely in mind a greeting to the president which should prove the sincerity and the warmth of feeling existing for him as the chief executive of the nation. The banquet hall was a bower of roses, pinks and smilax, artistically arranged, while loosely strewn over the tables were thousands of violets. Over 300 specially invited guests were present.

Mayor Smyth welcomed President Roosevelt to Charleston. The president's response was listened to with the closest attention and interrupted by loud and continued applause.

The president was followed by Governor McSweeney, who prefaced his prepared speech by a few words in which he assured the president that he was as safe from bodily harm in South Carolina as he was in Washington.

Captain Wagener, Governor Aycock of North Carolina and several others made short addresses. It was midnight when the party broke up and as the president left the room he was cheered to the echo, not only by those who had attended the banquet, but by the large numbers who had patiently waited in the hotel parlors and outside to catch a glimpse of him.

Mrs. Roosevelt was the guest of honor at the most notable reception that has been given in this city in 40 years. It was held at the St. John hotel, which is called the "old Mills" House, as it is still called by Charleston people of the old regime, was in antebellum days the scene of many notable social gatherings. Mrs. Roosevelt is the first president's wife for whom a reception has ever been given here.

President and Mrs. Cleveland visited Charleston on Feb. 23, 1888, but Mrs. Cleveland was only here for a few hours. President Washington, Monroe and Polk were unattended by their wives when they visited the city. The ball room was exquisitely decorated and was in keeping with the splendid toilettes of the 500 brilliantly gowned women who came to do honor to the president's wife. Mrs. Roosevelt and the ladies of her party occupied a dais and received the guests, who were introduced by Mrs. Andrew Simonds, Jr., of this city. The reception began at 9 o'clock and lasted until after midnight.

### CULLOM PROTESTS.

Illinois Senator Objects to Exclusion Bill in Its Present Form.

Washington, April 9.—A vigorous protest was made in the senate by Mr. Cullom (Ill.) against the passage of the Chinese exclusion bill in its present form. Coming from the chairman of the committee on foreign relations the protest made a deep impression

ON THE SENATE. MR. CULLOM, WHO EXPRESSING HIMSELF AS IN FAVOR OF THE exclusion of Chinese laborers, said that many of the provisions of the pending measure were in contravention of our treaty obligations with China. He urged that the United States could not afford to ignore its solemn treaties, although he conceded the authority of congress to enact the proposed law if it saw fit to do so.

Mr. Patterson (Colo.) and Mr. Perkins (Cal.) supported the pending bill, maintaining that in no way did it contravene existing treaties, as by the convention of 1894 China had agreed that Chinese laborers should be excluded from this country. The bill was drastic in its provisions, they admitted, but no more so than was necessary to eliminate the possibility of fraud.

**CHRISTIAN IS EIGHTY-FOUR.**  
Denmark's Aged Monarch Celebrates His Birthday.

Copenhagen, April 9.—King Christian, who was born April 3, 1818, Tuesday celebrated his 84th birthday surrounded by his children and grandchildren. The monarch, who is well preserved in mind and body, entered keenly into all the festivities. Seventy members of royal families were present at the palace and took part in the gaieties, which included a reception at noon by the king, a family dinner and in the evening an entertainment with a concert by the singers of the Royal theater. His majesty was the recipient of gifts from most of the royal personages of Europe.

Extensive celebrations of the king's birthday took place throughout Denmark, including military parades and feting.

### Another Revolutionary Steamer.

Port of Spain, Island of Trinidad, April 9.—Three members of the Venezuelan revolutionary committee have left this port for the island of Martinique to take possession of a new steamer of 550 tons purchased by General Matos, the revolutionary leader, and christened Guzman Blanco.

### Cut Salary List Ten Per Cent.

New York, April 9.—It is announced that at an executive session of the board of estimate of Greater New York a resolution was unanimously adopted to cut the salary list 10 per cent. This is exclusive of the uniformed men of the police and fire departments and the school teachers. Those receiving very small salaries and veterans of the Civil war are not to be affected by the proposed cut. The amount of the reduction is placed at from \$250,000 to \$600,000.

### Plenty of Buildings Offered.

Berlin, April 9.—If the United States wants an embassy building here it can have its pick among the most magnificent residences of the German capital. Since the offer to sell the Boersig palace to the state department at Washington for this purpose was published the embassy has received tenders for more than 20 residences. Among these is an offer to sell the palace of Prince von Pless, which adjoins the Boersig palace.

### When Methuen Was a Hero.

Lord Methuen, who was military attache at Berlin from 1877 to 1881, made many friends while there. Among the stories related of Lord Methuen is one to the effect that one day in 1881, when he was going to the palace to visit Emperor William I., he jumped into the Spree and saved the life of a drowning child. The time required to change his clothes made him late at his audience with the emperor. For this he apologized, but did not give the reason for the delay. A few days later at a reception at the palace the emperor drew the attache aside and pinned the Rescue medal on the lapel of his coat.

### Another Revolutionary Steamer.

Port of Spain, Island of Trinidad, April 9.—Three members of the Venezuelan revolutionary committee have left this port for the island of Martinique to take possession of a new steamer of 550 tons purchased by General Matos, the revolutionary leader, and christened Guzman Blanco.

### Cut Salary List Ten Per Cent.

New York, April 9.—It is announced that at an executive session of the board of estimate of Greater New York a resolution was unanimously adopted to cut the salary list 10 per cent. This is exclusive of the uniformed men of the police and fire departments and the school teachers. Those receiving very small salaries and veterans of the Civil war are not to be affected by the proposed cut. The amount of the reduction is placed at from \$250,000 to \$600,000.

### Plenty of Buildings Offered.

Berlin, April 9.—If the United States wants an embassy building here it can have its pick among the most magnificent residences of the German capital. Since the offer to sell the Boersig palace to the state department at Washington for this purpose was published the embassy has received tenders for more than 20 residences. Among these is an offer to sell the palace of Prince von Pless, which adjoins the Boersig palace.

### When Methuen Was a Hero.

Lord Methuen, who was military attaché at Berlin from 1877 to 1881, made many friends while there. Among the stories related of Lord Methuen is one to the effect that one day in 1881, when he was going to the palace to visit Emperor William I., he jumped into the Spree and saved the life of a drowning child. The time required to change his clothes made him late at his audience with the emperor. For this he apologized, but did not give the reason for the delay. A few days later at a reception at the palace the emperor drew the attaché aside and pinned the Rescue medal on the lapel of his coat.

## WHITE LOT EGG ROLLING

President's Sons to Join In Easter Sport at Washington.

## ROOSEVELTS GOOD AT THE GAME.

White House Youngsters Are Winning a Store of Eggs From Other Lads at the Capital—All Have "Keet" Eggs, Which Are Good in Game of "Picking."

The Easter Monday egg rolling at the white lot back of the White House in Washington this year will be unique in the history of this sport, says the New York World. All the Roosevelt youngsters and their companions will participate. Such an attraction at this great outdoor festival has not been known since the practice began many years ago.

In itself this is a wonderful event. All the children of the city crowd the beautiful lawns, rolling eggs down the slopes and then tumbling after them. Boys in the prettiest and brightest clothes mingle with young newboys and little street gamins. Girls with nurses and without them help to swell the throng. All Washington comes to look on. The Marine band plays. Thousands of children make it a merry day, and there will be none gayer this year than Kermit, Archibald and Quentin Roosevelt, who are collecting a store of eggs for the occasion.

These boys are now very industrious at a pastime peculiar to Washington and which is preliminary to the egg rolling. Here the boys all "pick eggs." The last two or three weeks of Lent are devoted to this sport. The method is for a boy to select an egg with a good hard shell. This is determined by tapping the egg against the front teeth, by which method and some peculiar knack a boy can tell a hard shelled egg from a weak one. Armed with his egg, the youngster sallies forth.

"Say, will you pick?" he calls when a likely youngster is met.

After all the preliminaries are settled one boy takes his egg, covered in both hands so that only a small portion of the end protrudes between a finger and thumb. He is careful to guard it so that the other cannot possibly strike except against the extreme tip of his egg. The other then taps his egg against it until the point of one is broken. The same method is used with the other end, and when one egg is cracked at both ends its owner loses it. The egg is still in good condition to be boiled hard preparatory to being rolled down the lawns of the White House on Easter Monday.

The boys resort to many ruses, the best of which is to get hold of a guinea hen's egg. The boys call these "keet" eggs. No hen's egg ever laid can break a keet egg. All the Roosevelt youngsters have keet eggs, and their store of Easter spoils grows day by day. The regular Washington youngster would not give 2 cents a dozen for eggs bought in a store. He must win them if he would be entirely happy on Easter Monday when he rolls them at the White House.

Baby McKee used to be the great attraction on this day, and before him the Hayes children took part in the fun. The young Gardies once passed one Easter in the White House. President Cleveland never approved of his children mixing with the throng, but the young Roosevelts are not hampered by any misgivings on their father's part. On Easter Monday the whole squad of these boys and their chums will add life and zest to the proceedings. They have been promised full liberty.

It is not unlikely that Miss Ethel may be permitted to join in the merriment for a time.

Leroy Lamb, who has been working for Harry Stevenson this side of Pine River, was brought down to Brainerd this morning suffering untold agony from injuries he received yesterday while working in a well on Mr. Stevenson's place.

The well is ninety-seven feet deep and Lamb was working at the bottom shortly after noon yesterday. He started to ascend and when about half way up a large cant hook fell from the top and he just looked upward in time to get the full force of the cant hook in the face. It is thought that his jaw was broken. His nose was broken and he received other injuries about the head and face.

## TITLE IS CLEARED UP ON OLD GRANT.

An Important Instrument Filed in the Office of the Register of Deeds To-day.

## GOOD NEWS TO THE HOLDERS. For Years Land Seekers Have Been Afraid of These "Dis- puted Lands."

An instrument was filed in the office of the register of deeds of Crow Wing county today that will be of particular interest to many living in the southern part of the county, who for the past decade or more have been in doubt as to the title of certain lands, which were included in a grant to the state of Minnesota by an act of congress many years ago. The area includes what has been known for years as the "disputed lands." A patent was filed today from the United States to the state of Minnesota which clears up all doubt as to the right and title of said land. There are something like 8,900 acres in this tract. For many years settlers have been afraid of this land, as they were never sure that they would be able to get a title on account of the many legal complications naturally growing out of a series of transfers of railroad companies of their rights and titles in a new country.

It seems that by an act of congress, approved on March 3, 1857, entitled "An act making a grant of land to the territory of Minnesota in alternate sections to aid in the construction of certain railroads," that among others this grant was made for the purpose of aiding the construction of a road from Stillwater by the way of St. Paul and St. Anthony to a point between the foot of Big Stone lake and the mouth of the Sioux Wood river, with a branch by the way of St. Cloud and Crow Wing to the navigable waters of the Red River of the North.

Following this the legislature assembled of the territory of Minnesota by an act approved May 22, 1855 entitled an "Act to execute the trust created by the act of congress above mentioned" did create the Minnesota & Pacific Railway company, with authority to locate, construct and maintain a railroad in said state, and in doing so did grant to the said company its interest and estate, present and prospective, of the above territory mentioned among other lands. A trust deed was executed to the above company in July 1858. The state of Minnesota pursuant to provisions in the constitution became owner of some six hundred of the first mortgage bonds of the company and in default of the payment of interest on said bonds they were foreclosed and the governor of the state bid them in.

In 1862 by an act of the legislature all rights and titles under the act first mentioned of congress were transferred to a number of gentlemen composing a board of trustees and these gentlemen organized the St. Paul & Pacific Railroad Company.

The Northern Pacific Company finally acquired the rights and titles of all the other roads and now for the first time the patent on the lands in Crow Wing county have been issued and through all these series of transfers and grants the titles have been cleared up.

Fred Goss was arrested yesterday afternoon by Deputy Sheriff Winters and he had a hearing in the municipal court on the charge of occupying a room at the Armstrong hotel for immoral purposes.

The crime with which Goss was charged was supposed to have been committed over a year ago. He and a woman by the name of Ella Fitzpatrick occupied a room at the hotel and warrants for their arrest were sworn out in February, 1901. The woman had a hearing, was tried and convicted, but Goss hiked out and although the officers have made a diligent search for him he was never located. A trip or two was taken to Staples but he was not found.

He plead not guilty last evening and an adjournment was taken to this morning. This morning after hearing the evidence Judge Blewitt found the defendant guilty and imposed a fine of \$5 or a sentence of five days in the county jail.

THE GREAT MCEWEN.

McEwen, the hypnotist, was born in Hawick, Scotland, some thirty years ago, where the first few years of his life was spent. When but eleven years of age, it was evident that he possessed an abnormal psychic ability, and since that time almost his whole life has been spent in developing this peculiar psychic force. He has conducted experiments in psychology before many of the leading scientific societies in this country, as well as in Europe and Australia, and is an active member of many of them. He has traveled over the most of the civilized world, giving exhibitions, and is considered, in scientific circles, to be the peer of every known hypnotist.

This is his fourth trip to America, and he says he intends to make this country his home.

Mr. McEwen, assisted by Newton Smith and his excellent company, in experiments in hypnotism up to date, will appear at the Brainerd Opera House for five nights, commencing Monday, April 14. Prices 25c, 50c, and 75c.

## THE JUVENILES IN OPERA.

Since the first announcement that a juvenile opera company organized in Australia would appear at the Brainerd Opera House no doubt many who planned to hear them went expecting to see a performance interesting, because given by a lot of little tots, but of no particular artistic merit. Those who went with this feeling must have been most agreeably disappointed last night. It is true that the players were children and there was that particular charm which always goes with a performance by juveniles. But beyond and above all this there was merit, and the production last night was really artistic and in no respect need Pollard's Australian Opera Company fear a comparison between their production of "A Gaiety Girl" and the version and interpretation, given by other good companies. They fairly captivated a Brainerd audience, pleased with their production, which showed careful training and diligent study. The "Gaiety Girl" is a bright musical comedy. It contains some sparkling music, some tuneful songs and comical situations. The children in their parts as officers of the guards, as ladies of high society, as judge and chaplain were all charming and thoroughly at home. Nothing more comical can be imagined than Daphne Pollard as Corporal Lance. Every movement, every look, and every gesture was comical and ridiculous and she is as whimsical a little body as can be imagined and kept the audience in an uproar the entire time she was on the stage. She acts, too, like a grown person and she is certainly a wonderful child. Nellie Topping, who danced and sung, is another remarkable child. Madge Woodson, as Lady Virginia Forest, was an odd little creature and her acting was very clever. The whole cast was good.

## A GRAND SHOW

At the Brainerd Opera House, Friday evening will be seen one of the most interesting entertainments ever given in our city in the way of moving pictures.

Beatty Bros, managers, have the only six moving picture machines on earth with diamond projecting lenses. They are Edison's up-to-date 1902 model, which many improvements, one of which does away with that quiver entirely, and makes the pictures more realistic and relieves the eye from that strain that other Kinetoscopes subject them to. Their's are the largest in the world. They also have Thomas A. Edison's Giant Concert Polyphone Phonograph, which will render a program of music and song that cannot fail to please everybody. They have received most flattering press notices everywhere.

Thirty thousand moving pictures given. Among the scenes depicted will be the assassination of President McKinley; the electrocution of Czolgosz; Mrs. Nation and her followers smashing a Kansas City saloon, colored pictures. President's funeral; Galveston cyclone complete; why Mrs. Nation got a divorce, in colors. A Rube's visit to a studio, funniest of all moving pictures. A tramp's dream, a fat and lean man's wrestling match, a mystic picture, the champion acrobatic Craig family of the world, Hooligan's visit to the City Park and many others, laughable sad, humorous and pathetic.

Those who went with this feeling must have been most agreeably disappointed last night. It is true that the players were children and there was that particular charm which always goes with a performance by juveniles. But beyond and above all this there was merit, and the production last night was really artistic and in no respect need Pollard's Australian Opera Company fear a comparison between their production of "A Gaiety Girl" and the version and interpretation, given by other good companies. They fairly captivated a Brainerd audience, pleased with their production, which showed careful training and diligent study. The "Gaiety Girl" is a bright musical comedy. It contains some sparkling music, some tuneful songs and comical situations. The children in their parts as officers of the guards, as ladies of high society, as judge and chaplain were all charming and thoroughly at home. Nothing more comical can be imagined than Daphne Pollard as Corporal Lance. Every movement, every look, and every gesture was comical and ridiculous and she is as whimsical a little body as can be imagined and kept the audience in an uproar the entire time she was on the stage. She acts, too, like a grown person and she is certainly a wonderful child. Nellie Topping, who danced and sung, is another remarkable child. Madge Woodson, as Lady Virginia Forest, was an odd little creature and her acting was very clever. The whole cast was good.

#### A GRAND SHOW

At the Brainerd Opera House, Friday evening will be seen one of the most interesting entertainments ever given in our city in the way of moving pictures.

Beatty Bros, managers, have the only six moving picture machines on earth with diamond projecting lenses. They are Edison's up-to-date 1902 model, which many improvements, one of which does away with that quiver entirely, and makes the pictures more realistic and relieves the eye from that strain that other Kinetoscopes subject them to. Theirs are the largest in the world. They also have Thomas A. Edison's Giant Concert Polyphone Phonograph, which will render a program of music and song that cannot fail to please everybody. They have received most flattering press notices everywhere.

Thirty thousand moving pictures given. Among the scenes depicted will be the assassination of President McKinley; the electrocution of Czolgosz; Mrs. Nation and her followers smashing a Kansas City saloon, colored pictures. President's funeral; Galveston cyclone complete; why Mrs. Nation got a divorce, in colors. A Rube's visit to a studio, funniest of all moving pictures. A tramp's dream, a fat and lean man's wrestling match, a mystic picture, the champion acrobatic Craig family of the world, Hooligan's visit to the City Park and many others, laughable sad, humorous and pathetic.

**RESULT OF THE STRIKE**

ROCHESTER AND PITTSBURG  
COAL COMPANY USES DRAS-  
TIC MEASURES.

**STAMP OUT ALL UNIONISM**

Its Mines Are Ordered Shut Down, the  
Company Stores Are Closed and the  
Miners Will Be Evicted From Their  
Homes—When Operations Are Re-  
sumed in the Fall Non-Union Men  
Only Will Be Hired.

Pittsburg, April 9.—The Post says:  
A remarkable development in the coal  
miners' strike in the central district  
fields has taken place during the past  
few days. It was learned from official  
sources that the strike of the miners  
there, and particularly those who were  
employed by the Rochester and Pittsburg  
Coal company, has determined the  
coal company on drastic measures for  
stamping out all unionism in their  
section. The Rochester and Pittsburg  
company operates three mines, the  
Walton, Adrian and Florence. All are  
near Punxsutawney and upon them  
depend fully 10,000 men for employ-  
ment. Of this number 6,000 are the  
regular miners. The rest are filling  
other occupations.

After vainly endeavoring to get an  
agreement satisfactory to the officers  
of the company and finally despairing  
of it orders were given to close down  
the mines. This order means the abso-  
lute idleness of the properties of the  
company for at least all of the present  
summer. It will leave the miners with-  
out work, whether they would work or  
not, and will seriously affect business  
in Punxsutawney.

The first step taken was to issue the  
notice to the miners occupying houses  
owned by the company to remove from  
them. The first of these ejectment no-  
tices were served last Thursday and  
were to miners who had been among  
the leaders of the strike. All the others  
are to have similar notices served  
upon them during the present week,  
and, with their families, will be com-  
pelled to move. In addition to this,  
the company's stores have been prac-  
tically closed down and clerks dis-  
missed.

It was announced to the men that  
the company would not open the mines  
again until next fall. In the mean-  
time the miners and all employees  
could look elsewhere for work. When  
the company was ready to begin again  
it was said they would hire non-union  
men only and would not recognize any  
scale or agreement of the United Mine  
Workers.

**BARBAROUSLY TREATED.**

Ladrones Capture Three Members of  
the Luzon Constabulary.

Manila, April 9.—Fifty ladrones,  
armed with rifles and bolos, recently  
attacked five members of the constabulary  
of Sarsagon, Southeast Luzon,  
captured three of them and treated  
the captives with hideous barbarity,  
eventually cutting them into small  
pieces. A large force of constabulary  
went in pursuit of the ladrones.

Port Surgeon Hagency, from Bulacan,  
capital of the province of Bulacan,  
has reported 81 cases of cholera  
there and has asked for assistance.  
At Manila up to noon 184 cases of  
cholera had occurred and there had  
been 13 deaths from that disease.

**RESUME OPERATIONS.**

Mines of the Consolidated Copper  
Company Are Hoisting Ore.

Butte, Mon., April 9.—Several of the  
mines of the Anaconda, Parrott and  
Washoe groups of the Amalgamated  
Copper Mining company, recently tied  
up by the strike of the hoisting engi-  
neers, have resumed operations and  
ore is now being hoisted. A full force  
of miners is engaged at the Parrott.  
At the Moonlight, Diamond and Green  
Mountain mines hoisting of ore has  
commenced, but it will be several days  
before the properties are working with  
the regular crew of men. A shift has  
been put on the Mountain Consolidated.

**TO BE RATIFIED IN JULY.**

Manchurian Convention Has Been  
Signed at Peking.

Peking, April 9.—The Manchurian  
convention was signed during the day.  
The ratification will take place three  
months from date.

The Russians undertake to restore  
the Niu Chwang and Shan Hai Kwan  
railway to the Chinese when the British  
relinquish control of the railway in  
Chi Li province. Sir Ernest Satow,  
the British minister here, however, is  
negotiating to secure a large prepon-  
derance of British administrative con-  
trol in the latter railway after it is  
handed over to the Chinese.

**Is Archbishop of Manila.**

Cincinnati, April 9.—Anthony Matre,  
national secretary of the American  
Federation of Catholic Societies, states  
that the report that Bishop Messmer's  
appointment as archbishop of Manila  
has been announced as being correct.  
Bishop Messmer is one of the spiritual  
advisers of the Federation of Catho-  
lic Societies.

**Boy Murderer Arraigned.**

Salt Lake City, April 9.—Clyde Felt,  
the confessed slayer of aged Samuel  
Collins, was arraigned in the county  
court on a charge of murder in the  
second degree. Counsel asked time to  
prepare a plea, which was granted.  
Young Felt was then given into the  
custody of the sheriff.

**Turks and Christians Fight.**

London, April 9.—Cabling from Cot-  
tignie, the capital of Montenegro, the  
correspondent of The Daily Mail re-  
ports heavy fighting between Turks  
and Christians in the province of  
Novibazar, in European Turkey, and  
that the revolution is spreading.

**GUZMAN UNDER ARREST.**

Former Cuban Colonel Charged With  
Murdering Another Officer.

Havana, April 9.—Considerable in-  
terest has been created here by the  
case of Colonel Guzman, who recently  
returned to Havana from Spain. Guzman  
was formerly a colonel in the Cuban  
army. He was charged with the  
murder in cold blood of a Cuban  
colonel named Cepro while in the field  
in 1895. Guzman subsequently joined  
the Spanish guerrilla forces and after  
the war went to Spain. He returned  
to Havana a short time ago and was  
denounced and arrested for the mur-  
der of Cepro. The court has refused  
to set him at liberty on a writ of ha-  
beas corpus. General Maximo Gomez  
has presented a strongly worded let-  
ter urging that Guzman be not allowed  
to escape. It is believed the case of  
Guzman is covered by a decree issued  
by General John R. Brooke, March 23,  
1899, when the latter was military  
governor of Cuba, and which promised  
pardon for the crimes committed by  
the troops in the field during the war.  
The Cuban revolutionary veterans  
want to try Guzman by courtmartial.  
The case is being investigated by the  
secretary of justice.

**A MOONSHINER KILLED.**

Illicit Distillers and Revenue Officers  
Fight in Kentucky.

Louisville, April 9.—News has been  
received here of a fight between  
moonshiners and revenue officers a  
mile and a half from Big Meeting  
Creek postoffice, in Harlan county,  
about 75 miles from this city, during  
which Asa Humble, an alleged moon-  
shiner, was killed and Deputy Revenue  
Collector R. A. Hancock of Louisville,  
who was leading the pursuing party,  
narrowly escaped death, a rifle ball  
grazing his head and leaving its mark  
on the skin.

The revenue officers had information  
that a still was located in a bottom  
near Big Meeting Creek. They sur-  
rounded the still and Deputy Collector  
Hancock stepped out and called upon  
three men who were operating it to  
surrender. They answered with a vol-  
ley of shots and the revenue officers  
promptly returned the fire. Two of  
the moonshiners then fled from the  
still, firing as they ran, and made their  
escape. When the smoke had cleared  
away Asa Humble was dead inside the  
still house. It is thought one of the  
men who escaped was wounded.

**A SENSATIONAL CHARGE.**

Cleveland Judge Wants Rumors of  
Jury Bribing Investigated.

Cleveland, April 9.—Judge Stone, in  
the criminal court, delivered a sensa-  
tional charge to the grand jury in re-  
ference to alleged jury bribing.  
"For a long time," said Judge Stone,  
"common reports and rumors have  
been current about the courthouse that  
juries were fixed, that they were  
bribed and that it was utterly impos-  
sible to secure a fair trial and a just  
verdict in this county; that a certain  
clique of professional corruptors hang  
around the county buildings and for  
a consideration can, and do, tamper  
with juries."

Judge Stone urged the grand jury  
to investigate all of these reports.

**FORM A BOER COLONY.**

Several Thousand Refugees May Set-  
tle in Colorado.

Denver, April 9.—A Boer colony  
may be established along the line of  
the proposed Denver, Salt Lake and  
Short line. A committee of local Boer  
sympathizers called on the state land  
board with a letter from Boer Consul  
General Pierce in New York asking  
for information about state lands  
along the new route.

"If I can get the right kind of in-  
ducements," says the consul general,  
"several thousand Boer refugees will  
go to Colorado and settle on farms.  
They will make the best of citizens, I  
am sure."

**CAUSED BY A WASHOUT.**

Fatal Wreck on the Big Four Road at  
Cleveland.

Cleveland, April 9.—The Indianap-  
olis special on the Big Four road be-  
tween Indianapolis and Cleveland was  
wrecked while running through Wal-  
worth run, a low-lying body of land on  
the west side of the city. Two persons,  
Engineer McGrath and Fireman  
McNally, are dead and three other  
trainmen injured. The wreck is be-  
lieved to be the result of a washed out  
track, caused by the incessant down-  
pour of rain for the past 12 hours.  
The engineer and fireman were  
crushed to death beneath their engine.

**Pennsylvania Postoffice Robbed.**

Wilkesbarre, Pa., April 9.—The post-  
office at Hudson, Pa., was broken into  
and \$1,800 in stamps and \$50 in money  
was stolen. While the robbers were  
at work Father Kuvinski of the Polish  
parish church was passing and was  
held up while the burglary was com-  
pleted. The burglars then ordered  
him to remain still and threatened to  
shoot him if he gave the alarm. When  
he succeeded in arousing the citizens  
they had a good start.

**Automatic Couplers on Engines.**

Washington, April 9.—A sub-com-  
mittee of the senate committee on  
interstate commerce gave a hearing on  
the bill introduced by Senator Foraker  
to amend the act compelling cars en-  
gaged in interstate commerce to be  
equipped with automatic couplers so  
as to have the law apply to locomotives  
and vehicles. Representatives of  
several railroads opposed the bill and  
representatives of trainmen argued in  
favor of it.

**Von Waldersee's Birthday.**

Hanover, Prussia, April 9.—Em-  
peror William during the morning sent  
an aide-de-camp to congratulate Field  
Marshal von Waldersee on his 70th  
birthday and to present him with a  
handsome centerpiece. Later his  
majesty and Emperor Francis Joseph  
telegraphed their cordial felicitations  
to the field marshal.

**On a Pilgrimage to Rome.**

New York, April 9.—Headed by the  
Rev. Charles E. McDonnell, Roman  
Catholic bishop of Brooklyn, 49  
clergymen and missionaries have left  
here on a pilgrimage to Rome on the  
steamship Liguria.

**SAEBATH OBSERVANCE.**

Methodists Condemn Sunday News-  
papers, Excursions and Licenses.

New York, April 9.—The New York  
conference of the Methodist Episcopal  
church adopted a resolution that a  
committee be appointed to arrange for  
the celebration of John Wesley's  
birthday next year.  
The report of the Twentieth century  
thank offering commission showed  
that \$700,000 had been collected for  
"metropolitan Methodism."  
The report of the committee on  
Sunday observance, which was adopt-  
ed, denounced Sunday newspapers,  
Sunday excursions and Sunday sa-  
lons and recommended co-operation  
with the American Sabbath union and  
other organizations for the proper ob-  
servance of the American Sabbath.

**APPROPRIATED THE LIQUOR.**

Steamer Carrying Wine and Spirits  
Wrecked on Isle of Wight.

London, April 9.—The breaking up  
of the French bark Russie, bound for  
Newfoundland, which went ashore on  
the rocks near St. Catherine's, Isle of  
Wight, April 1, led to extraordinary  
scenes. The crew who were saved re-  
ported that her cargo consisted mainly  
of salt in casks, but scores of casks,  
containing an aggregate of thousands  
of gallons of wines and spirits, were  
washed ashore and the inhabitants for  
miles around flocked to the spot,  
broached the casks and drank or car-  
ried off immense quantities of the  
liquor before the customs authorities  
and police arrived on the spot.

**Quarreled Over Money Matters.**

Springfield, Ill., April 9.—At Oak-  
ford, Menard county, Harry Colson  
quarreled with John Hare in front of  
the latter's saloon over money mat-  
ters. Colson finally drew a revolver  
and shot Hare three times, killing him  
instantly. Many people saw the kill-  
ing. Colson escaped, but was after-  
wards captured in a barn three miles  
from town and lodged in jail.

**Fusileers Sack a Canteen.**

London, April 9.—Some of the Mun-  
ster fusileers at the military station  
on Rocky island, in Cork harbor, took  
possession of and sacked a canteen.  
A patrol from Spike island proceeded  
to arrest them and a serious affray  
ensued during which four of the fusileers  
were wounded by bayonet  
thrusts. An inquiry into the occur-  
rence has been ordered.

**Shot While Resisting Arrest.**

Boonville, Mo., April 9.—While re-  
sisting arrest Louis Sage was shot and  
killed and Mike A. Logan was seriously  
wounded by Policemen Albert S.  
Beha in this city. Sage and Logan,  
who are from St. Charles, Mo., were  
beating their way on a passenger train  
and drew their revolvers when the  
officer attempted to take them into  
custody.

**Railroads Must Reduce Fares.**

Lansing, Mich., April 9.—The su-  
preme court has affirmed the judg-  
ment of the lower court requiring the  
Grand Rapids and Indiana railroad to  
reduce its passenger fares in Michi-  
gan to 2½ cents per mile in accord-  
ance with the general railway law,  
which requires that rate from roads  
whose earnings exceed \$2,000 per  
mile.

**First Electric Light Plant.**

Managua, Nicaragua, April 9.—The  
first complete electric plant for light-  
ing a city to reach Nicaragua arrived  
here in charge of Senor Ramirez, the  
electrician who supervises the tele-  
graph and telephone systems of this  
country.

**TELEGRAPHIC BREVITIES.**

The condition of Rev. T. De Witt  
Talmage shows no improvement.

The Earl of Kimberley, Liberal leader  
in the British house of lords, is  
dead.

Grain has become so scarce for export  
at Boston that transatlantic

**IT CURED ME OF CATARRH**

LOS ANGELES, CAL., Feb. 27, 1900.

MEDERINE REMEDY CO.,  
West Superior, Wis.

Gentlemen:—I take great pleasure in telling  
you that MEDERINE cured me of Catarrh  
of the worst kind. I tried various remedies, but  
they did me no good. Finally I bought a bottle  
of MEDERINE. It gave such prompt relief  
that I took a full course of six bottles, and I am  
now cured. It is surely a wonderful remedy.  
A. FRANK WILLIAMS.

In a little water is not enough to remove all dirt  
from linen or other clothes.

They must be carefully manipulated while in  
hot or cold water by experts. Then after dry-  
ing in special rooms go through the hands of those
